Zach- I will get you February dates. We are still waiting on dates for several witness that we asked for in October and December. Please get us dates for:

David McGeown
Brian Hayduk
Keith Mistry
Doug Short
Andrew Singer
Kirk Hampton

I will review my list and let you know if there is anyone I am forgetting.

With respect to the documents, I will look into it. It was my understanding from Joel that you were working directly with RETX to obtain the documents, as they are covered by a confidentiality order entered by the district court in Georgia. Further, I do not believe that we have yet received a complete production from RETX.

Kara:

Please provide dates in February when you and your colleagues are available to participate in depositions.

Also, at the deposition yesterday, your client made reference to several documents which I don't believe we have seen, including materials from RETX and paperwork from Powerweb and A-Valley relating to the work which A-Valley is alleged to have done for Powerweb on the Bell Atlantic deal. This should include P.O.s, correspondence, receipts, checks, etc.

Finally, we are still waiting to hear from you about several of the witnesses and potential witnesses whom we have identified over the past month.

Regards,

Zach
